## All About Icmeler

Icmeler Turkey is one of the enchanting place on earth mainly famous for its marvelous beaches and hospitality. Well it is in Marmaris a slightly larger town nearby.

Several years ago, Icmeler was a small humble fishermen's village. Today, it can be considered as one of the places that a lot of people come to to spend time and unwind. The water is clean, and the sand is soft together with the presence of tall pine trees that make you feel like you're in paradise. You can swim and sunbath at the sea or you can go for a walk to the mountains for the view.

In spite of the development that has taken place in the Icmeler, the place is still one of relaxation. There are shops, cafe, bar and even accommodations places for few days stay. If you are in to water acts then you can go for water diving another for water surfing and the third for water skiing.

Icmeler is good and entertaining, but it is not as energetic as its neighbor, Marmaris. You can watch the live performance on the stage in terms of music and show in the evening but nightlife is not active.

Icmeler has developed gradually and it is more crowded than before, the prices slightly have been increased. But all the same, it remains a wonderful tourist attraction site that you can enjoy your holidays.

## What Makes Icmeler So Special?

It is so great to be in Icmeler! Here are some of the things that make Icmeler so enjoyable:

## 1. Icmeler Beach

The main tourist feature of Icmeler is the wonderful seashore, which stretches along the main part of the town. In the day, people, both from the vicinity and tourists, go to the beach to either swim or to have a tan. During the night, it has the novelty of being a lovers' destination.

Sky lights, calm water, and waves: this new Mediterranean resort has been designed to look perfect during the night.

For your convenience, the beach offers services like showers, changing rooms, toilets, lounging chairs, and umbrellas—all free of charge. When hunger strikes, there are plenty of nearby **Icmeler restaurants** where you can grab a bite to eat.

Transportation by minibuses that ply Marmaris city center makes it possible to access the beach. One can also use a car and get to the spot in ten minutes if one follows the 'Icmeler' sign on Cumhuriyet Boulevard. There is a pleasant pedestrian path along the beach, which is useful for strolling in the morning, in the evening, or for exercise.

## 2. Reasonable Shopping

Icmeler offers great shopping deals. It's close enough to Marmaris for convenience but far enough for lower prices.

Whether you crave designer bags or handmade leather goods, you'll find them here for half the cost.

The main shopping area is the central boulevard. This one-kilometer street holds shops selling clothes and vacation essentials.

Icmeler's prices are lower than Marmaris because the rent is cheaper. This makes it a bargain compared to places like the Grand Bazaar.

## **7. Icmeler Goldsmiths & Custom-Made Jewelry**

Remaking jewelry might not sound like a holiday activity, but many couples visiting Marmaris together do it. Icmeler, a small town, surprisingly has over ten goldsmiths. These aren't just shop owners; they are artists.
